BODY OF YOUNG MAN FOUND ON RAILROAD TRACK

Billie Preston Killed by a C. & O. Train Saturday Night.

The mangled body of Billie Preston was found on the railroad track Sunday morning between Georges creek and Richardson, this county. Just at what hour he was killed or what caused him to become the victim of this accident may never be known. He was 19 years old, the youngest son of Mrs. Belle Preston, of Georges creek, widow of Elliott Preston. On Saturday evening he went to Richardson to call on a girl, it is said. On his way home in the night he met death in a tragic manner.

The body was brought to Louisa Sunday morning and Judge Sparks held a coroner's inquest at the C. & O. station. The body was prepared for burial and returned to Georges creek the same evening. The burial took place Monday.

Billie was known as a boy of good qualities and everybody liked him. His tragic death was a great shock to the community. Much sympathy is expressed for the mother and brothers and sisters.

Road Offer Made to Wayne County

The Wayne News says:—The State Road Commission has made Wayne county an offer which, as its people are wise and progressive as we think they are, they will hasten to accept. A project for extending the State highway from the present assigned limitations to the Ningo county line has been submitted, and the success or failure of it rests with the people of Lincoln district.

This enterprise, while important as part of a state-wide project is still more important in its relation to the people of Wayne county, and more important still as it will affect the people leading from Charleston, via Huntington, Wayne and Williamson, to Welch and Bluefield. As a county road it will give the people of a very large fertile section of Wayne county easy access to the county seat and to the markets along the Ohio river.

The issuance by Lincoln district of \$150,000 bonds will clinch this great improvement. The State Road Commission has agreed to meet the other half of the estimated expenses of \$150,000 or more if it should be more.

Big Moonshine Raid in Johnson

Pikeville, Ky., June 24.—Seventeen moonshiners, four stills and a large quantity of whiskey was the toll exacted in the moonshine infested section of Johnson county by Prohibition Officer J. M. Hillier and posse who returned to Pikeville today. The prisoners were brought here and placed in custody of Jailer Rowe pending examination trial next week.

Excitement was lent to the raid when a man named Williams fired on the posse. Fortunately he missed his mark and, was at once put under arrest.

The raiders were accompanied by Marshall Fitzpatrick of Paintsville, who bears about his body three bullet holes received in a battle with moonshiners near Paintsville last year when Revenue Officer John Reynolds was killed.

M. E. Church Team Wins Close Game From Baptists

The M. E. Church baseball team defeated the Baptists in an exciting game last Saturday afternoon, the score being 6 to 5. With 9 runs in the first inning it looked like an easy victory for the Baptist team, but the Methodists made 2 runs in the fifth, 2 in the sixth and 2 in the ninth. The Baptists were unable to overcome this lead, making only 2 runs in the ninth. Morat pitched for the Methodists, allowing 5 hits and striking out 12. Charles Brown pitched for the Baptists, striking out 15 and allowing 9 hits.

UNION SERVICES NEXT SUNDAY

Drs. Daughtry and Shannon Will Preach Morning and Evening.

Louisa will have the opportunity of hearing two very able visiting preachers next Sunday. Arrangements have been made for union services.

In the morning Rev. F. F. Shannon will preach at the M. E. Church South, and in the evening Rev. S. S. Daughtry will preach at the M. E. Church.

These two eminent ministers are visiting in Louisa, accompanied by their wives. Mr. Shannon is here from Chicago making his annual visit to his mother, Mrs. Kate Shannon, his brother, E. E. Shannon, and other relatives. He is always kind enough to accept some of the urgent invitations to preach in his old home town.

Mr. and Mrs. Daughtry are guests of Mr. and Mrs. E. E. Shannon at their handsome home on Main street. He is pastor of a large church at Harrodsburg, having gone there from Frankfort. He ranks as quite an able preacher.

MAYO TRAIL PROSPECTS GOOD

According to the latest information the Mayo Trail from Louisa to Paintsville will be advertised for bids within a relatively short time. Also, the road from Paintsville to Salersville, which recently has been approved by the federal roads department.

The action of Congress in appropriating a sum for each of three years gives the State commission a much better chance to lay out the work to better advantage than when working each year with no assurance of whether there would be any federal aid for the next year.

Floyd county has sold bonds for the amount to be given the State road department on the Mayo Trail. This is the last link. Johnson and Pike have been ready with their money for quite a long time. Late fall should see the Mayo Trail under contract to Pikeville.

HIGHER COURT REVERSES OIL LEASE CASES

U. S. Court of Appeals Orders Cancellation of Lawrence County Leases.

A telegram received Wednesday evening by Cain & Thompson, attorneys for plaintiffs, states that the United States Court of Appeals has reversed Judge Cochran's decision in the cases of O. B. Kasee, J. F. Lyon and L. T. Sparks. This involves leases held by the Union Gas & Oil Company on oil and gas rights in the upper Blaine section of Lawrence county. The decision means that the leases are cancelled, but upon what grounds is not stated. Out of nine cases decided by Judge Cochran at one time the three persons named herein appealed their cases and the others may yet do so if desired, it is said. Lack of mutuality in the lease, and no development, were pleaded. These decisions are very important to all oil fields.

According to this report at the inquest Mr. Thompson had stepped down from a wagon on which he was riding, into the path of the truck. He was hurled to a hospital and died shortly after.

Injuries sustained by Thompson were a fractured skull, a broken shoulder blade and a broken leg, according to coroner's examination and also several internal injuries.

Mr. Thompson is survived by his widow, two brothers, John and Willis Thompson, three sisters, Mrs. Hattie Haywood, Mrs. Vlnie McCand and Mrs. Cynthia Johnson. He is also survived by his parents, Mr. and Mrs. Hugh Thompson.

CAVALRY BARN CASE DECIDED

In the Lawrence Circuit Court which adjourned last week a decision was rendered in the case involving the rights and powers of Lawrence county and her fiscal court in the matter of the cavalry barn and other quarters heretofore provided for the cavalry troop which exists here. The court sustained the action brought to stop certain expenditures for maintenance of quarters.

The following statement of the case has been handed to this paper: "This case is of great importance and has attracted statewide attention, as it settles whether or not our county can be forced to support a State institution and to contribute to the county funds for that purpose.

The last administration and more especially D. L. Thompson had the Fiscal Court enter an order directing the building of a cavalry barn and fit out an armory for use of a military unit at a cost of about \$4,500. The new administration, through its Fiscal Court, feeling that this expenditure of the people's money was wrong, directed G. W. Castle to take possession of said barn and sell it. After looking into conditions it was found that the persons in control of the military unit were constantly drawing on the county for money to meet bills created at the will of those in charge. The County Attorney ordered no more bills to be paid. That brought about a climax and the Attorney General instituted a suit to prevent the sale of the barn and to settle the right of the Fiscal Court to further support the same.

The Fiscal Court employed C. L. Miller and he in connection with G. W. Castle, County Attorney, made defense of the suit, raising the question that the act requiring the county to support the cavalry was unconstitutional, because requiring a county to do so was a discrimination in taxation of that county above the counties not required to do so. The court sustained the contention of the attorneys for the county and it is considered a great victory of the taxpayers of Lawrence county."

C. & O. Will Spend Much to Improve Sandy Division

That there will undoubtedly be a substantial part of the \$15,000,000 improvement program outlined by the C. & O. railroad spent towards the improvement of the Big Sandy and the Ashland division and terminals, was the prediction made by Superintendent J. B. Harris here today.

Mr. Harris, however, was without further information on the subject and stated that he did not know when the improvement would be started nor how much would be used toward the improvements in this section.

The contemplated improvements will in all probability be started within the next two months according to a statement from Mr. Parrish.

The \$5,000,000 budget will be used for extension of yards and second tracks. A \$10,000,000 budget is being prepared for rolling stock. A large portion of this, it is believed, will be spent on the Big Sandy division. Superintendent Harris stated that this would be done on account of the enormous increase in business on this division which has taken place recently. Mr. Harris further stated that he had not the slightest idea how soon he would receive notification from the general office of the proposed improvement program.

On last Saturday the general superintendent in company with the superintendent made a tour of inspection on the Big Sandy division relative to the proposed new work of improvement and extension.—Ashland Independent.

Telephone Workers Fired on From Ambush

Charles Duvall, lineman for the American Telegraph and Telephone Company at Olive Hill, while working on the line with his son, Vernon, and Watt King, manager of the Olive Hill Telephone Company, were fired on from ambush by unknown parties. Both sides fired, about thirty shots being traded. It is believed that one of the attacking party was wounded as traces of blood were found.

Officers from Olive Hill with bloodhounds are trailing the attackers but had not found them when this report was sent. Charles Duvall, it is alleged, killed a man at Olive Hill some time ago and was acquitted by a jury. It is believed here that the attack on Duvall was prompted by revenge.

W. L. Ferguson Takes Charge of Louisa Store

W. L. Ferguson has taken charge of the clothing and furnishings store recently purchased from Sparks and Sparks, in the Dr. Burgess building. Mr. Ferguson's family will not move from Huntington for some time. It is said, much to the regret of their Louisa friends, Mr. Ferguson sold this store to Sparks & Sparks just before he moved to Huntington.

Louisa will lose Mr. and Mrs. Bert L. Sparks in the deal, as they will return to Fleming county, their former home. They have bought the place they formerly owned. We regret to have them leave Louisa.

NEW CHRISTIAN CHURCH OPENED

The first services in the new Christian church in Louisa were held last Sunday morning and evening. Rev. J. H. Stambaugh of Charleston preached at both services to large congregations. He was invited by the pastor, Rev. Matherly, and by the congregation because it was under his ministry that this project was started. He is an able and popular preacher and makes good wherever he goes.

The congregations and choirs of other Louisa churches joined in both the services. There was special music. This new building is quite a handsome and well planned building and stands as one of the marked improvements in Louisa's building list for this year. The congregation deserves much credit for carrying the enterprise to completion. The lot was given by Mr. and Mrs. John M. Mount and they also were liberal contributors to the building fund.

ALL VOTERS MUST REGISTER.

Under a new law every voter in Kentucky must register on July 10th and 11th this year. No other registration will be required in after years, except the new voters. The law is now before the Court of Appeals on a constitutional test and a decision is expected this week. If held good, all must register in order to vote in the primaries and November elections.

This law is important and must be complied with. It was passed to stop fraudulent voting and repeating in some parts of the State. None of that has been going on in Lawrence county, but we must be willing to go to a little extra trouble to keep elections clean in other counties.

Voters can not register by mail. Those absent should arrange to come home on July 10-11.

Reynolds, who lives in Richmond.

MAGOFFIN EXAM. IS THROWN OUT

Colvin Cites County School Head to Explain Fraud Charges.

Frankfort, Ky., June 27.—Citing J. S. Adams, County School Superintendent of Magoffin county to appear here to show cause why his certificate should not be revoked because of fraud in the May examination, Superintendent of Public Instruction Colvin today declared the examination null and void and ordered a special one for July 7 and 8. He also revoked the teacher's certificate to Josephus Howard of Royalton, Magoffin county, who stated under oath, that he helped to answer the examination questions and announced that he intends to turn all of the evidence which he has gathered regarding the examination over to the grand jury in an effort to secure indictments.

Fifty-six persons stood the May examination in Magoffin county following which Superintendent Adams notified Superintendent Colvin that twenty-three of the applicants were not entitled to certificates for the reason that they had "cheated" in the examination. Under the law, it is the duty of the County School Superintendent to expel all persons found cheating from the examination. Instead of doing this Superintendent Colvin said Adams wanted to "pass the buck" to the Department. He has his doubts, he said if all of the twenty-three are guilty of the charges made by Adams.

Previous Trouble Reported.

The trouble in Magoffin county is long standing. Superintendent Colvin having written Adams under date of January 28, 1921, that the teachers' examination held in Magoffin county in 1920 "subjected the whole profession to criticism because of the way in which it was conducted."

"More complaints," he said, "have come from your county than any other county save one," and at that time, over a year ago, offered the assistance of the Department of Education for the purpose of keeping the "examinations above suspicion." At that time he had in his possession the confessions of several applicants who were in the examination, he said.

Affidavits showing fraud in the May examinations were secured from Josephus Howard, Marvin Picklesimer, Edgar W. Binley, Gladia Higgins and W. D. Caudill for the Department of Education by Mack J. Morgan, assistant inspector and Examiner of Schools and these affidavits will be presented to the next grand jury of Magoffin county.—Courier-Journal.

DEFENDANTS IN CLAY HOLE KILLING ARE FOUND GUILTY

Verdict Caused Considerable Surprise at Catlettsburg, it is Said.

Catlettsburg, Ky., June 22.—The jury in the famous Clay Hole murder trial brought in a verdict of guilty at 5:45 p. m. today, charging Leslie Combs, Shade Combs, French Combs and Geo. Allen, Jr., with voluntary manslaughter and fixing the punishment for Leslie Combs and George Allen, Jr., at 15 years in the state penitentiary and for French Combs and Shade Combs at 5 years each.

The jury based their convictions on the following facts:

That George Allen, Jr., started the trouble at the election precinct;

That Leslie Combs fired the first shot;

That French and Shade Combs were accessories to the killing of George McIntosh, in that they aided and abetted in the killing, and gun fight precipitated by Leslie Combs.

It was learned an appeal will be made upon completion of the present court record, but no decision is likely to be handed down for three months at the least, as the court of appeals adjourns for the summer Saturday and records of the case must be in their hands before this.

When the verdict was read by Judge William C. Halbert, only the defendants, their families and a few of the witnesses were present. Upon the announcement of the decision reached by the jury sentencing the defendants to the penitentiary, Mrs. America Combs, mother of Leslie Combs, who was sentenced to 15 years, and mother of the two slain Combs boys in the Clay Hole fight, broke down.

She left her seat beside her boy and went to the back of the court room where she paced the floor, wringing her hands and shrieking, "Oh, blessed God, have mercy. What am I going to do—what am I going to do with my boy gone!"

The entire court room was thrown into commotion when the verdict was read. Never before has there been such a demonstration here during a trial. The sight presented in the court room today was most pathetic. The entire atmosphere during the trial has been that of sorrow, the widows, sisters and mothers of the slain men in the Clay Hole fight being attired in deep mourning and the faces of each one expressing deep grief. However, the defendants and their loved ones expressed confidence, up until the verdict was returned, that they would be acquitted.

Leslie Combs and French Combs cried as they listened to the words of the judge. Shade Combs, world war veteran, stood as though he were listening to the commands of a general. The men were taken to the jail, followed by their friends and relatives, who lingered around the door for several hours afterwards.

CLAYHOLE CASES NEXT FEBRUARY

The trial of nine persons indicted for conspiracy and murder in the Clay hole election cases will go over to next February. The judge eliminated the conspiracy charge carried in the indictment.

Also, the Judge refused a new trial for the four Democrats convicted last week in the same case.

Next to the fact that several men were killed at Clayhole voting precinct, and that the ballots were destroyed and therefore no election was held, there is nothing more evident than the conspiracy that brought this about.

Ask your neighbor! Mrs. A. Waller, Railroad St., Louisa, says: "I have a good opinion of Doan's Kidney Pills ever since they cured me of an attack of kidney trouble. I had been feeling weak and run down for some time before the attack came on. My eyes began to get puffy underneath and I became quite dizzy, especially when stooping. I could see black specks before my eyes and my back kept me in misery, as it ached continually. I saw Doan's Kidney Pills advertised, so I sent to the Louisa Drug Store Co. and got two boxes. Doan's cured me."

I want to thank "Black Hawk" of Dennis for his letter in the dear old NEWS last week about the "Divine Healers."

I don't know who, nor what he means when he says "divine healers" but if he means that "God" is the divine healer that's true because God is the only healer we have. He (Black Hawk) was talking of some being healed of different diseases. I believe that to be true for I've been healed myself. Once I was healed of throat trouble. Another time of (what I thought to be) eczema, and different times of headache. The Lord will heal if the christian has faith to believe that He will.

Of course it is hard for an unbeliever to believe that God can heal, but it isn't one bit hard for me to believe it. God's word teaches it and I'm going to believe His word.

ANNOUNCEMENTS

We are authorized to announce H. C. DUFFY, of Harrison county, as a candidate for Representative in Congress, from the Ninth Kentucky District, subject to the action of the Democratic party.

We are authorized to announce W. J. FIELDS, of Carter county, as a candidate for the nomination for Congress in the Ninth District of Kentucky, subject to the action of the Democratic party in the primary election to be held on Saturday, August 5, 1922.

It is estimated the new tariff bill now before Congress will increase the cost of every wool suit of clothes \$6 to \$8. Of course, everybody is expected to submit quietly to this tax for the benefit of the manufacturers.

No developments in the new State Normal school matter are expected until after the commission shall have visited the proposed sites in July. Starting the 17th at Owensboro it is expected the commission will not put in much time at each place, as the trip will be quite long and tiresome.

Huntington's new Mayor is a superman. He is, in tabloid, the legislative, judicial and executive departments of government concentrated and congested. He has laid down "rules" for the government of Huntington, regardless of the statutes; but what does that matter, in these days of reckless abandon.

The NEWS is receiving letters in regard to the Home Coming celebration. So much interest is manifested by those who have gone out from Lawrence county that the success of the affair already is assured. The object mainly is to have a real home coming, with a warm welcome and a social gathering of those friends who might never get together again except for an opportunity of this kind. To be host at such a happy gathering would bring a measure of joy not often experienced; and Louisa wants the pleasure of being host when all these people come home.

One of the worst crimes that has been committed in this country was the cold blooded murder of a party of men, somewhere between 28 and 40, in a coal field in Illinois a few days ago. The bed of coal lies near the surface and is removed with steam shovels, after stripping the soil off. Striking miners attacked the men and they surrendered without resistance. They were marched into the woods and shot to death, some of the bodies being thrown into a deep pond, with rocks tied to their bodies. Nearly a score of the bodies recovered were buried without being identified. The whole affair was one of the most savage and inexcusable crimes ever committed in the United States.

Congress is working on two propositions that favor certain lines of business at the expense of the tax-payers. One is to pay a subsidy to United States owners of ships sufficient to give them a profit over all competition. Hundreds of millions of dollars each year would be paid out of tax money collected from the people. The other is a tariff bill carrying the highest rates ever proposed, levying a tax on every person in the United States to guarantee manufacturers handsome profits. The feature of having the tariff on American valuation or imported goods rather than the price at which they are acquired in foreign countries is the most dangerous provision ever put into a tariff bill.

Blackwell of Greenville, fifth district warden, with nine arrests and nine convictions, had the best individual record for district wardens.

KENTUCKY TO GET \$944,786 FEDERAL AID FOR ROADS

Ranks Twenty-first In Apportionment For Next Year's Work.

Washington, June 21.—Kentucky has been apportioned \$944,786 of Federal aid funds for road construction during the fiscal year ending June 30, 1923, out of the additional appropriations of \$190,000,000 carried by the Post-office Appropriation bill, which was signed by President Harding this week. Announcement of the apportionment of the funds available during the next fiscal year was made public today by the Bureau of Public Roads and the Department of Agriculture.

Twenty other States had larger apportionments than Kentucky the tabulation shows, the largest being Texas, which will receive \$2,950,115.

For the fiscal year beginning July 1, a total of \$50,000,000 is authorized, while \$65,000,000 and \$75,000,000 respectively, are authorized for each of the two succeeding years. In addition \$6,500,000 is authorized for forest roads for each of the two fiscal years beginning July 1, 1923, and July 1, 1924. The funds are to be administered by Henry C. Wallace, Secretary of Agriculture, through the Bureau of Public Roads. The funds are apportioned among the States must be matched by the States, the regulations now in effect governing the extension of Federal aid to various projects.

Concerning the new road legislation the Bureau of Public Roads today issued the following statement:

The new legislation reduces the maximum participation on the part of the Government from \$20,000 to \$15,000 per mile for road construction with the appropriation for the next fiscal year and \$15,000 per mile thereafter. Bridges over twenty feet in span may be considered as special projects to which this limitation does not apply. In States where more than 5 per cent of the area is unappropriated public land provision is made for an increase in the amount per mile. The act also provides for the extension of Federal aid to the construction of structures required for the elimination of railroad grade crossings.

Surface Must Be Adequate.

Important provisions of previous acts under which large funds have been successfully administered are applicable to the new funds. States must maintain adequate highway departments. Funds to match Federal aid must be placed under the direct control of the State Highway Department. The type of surface constructed must be adequate for the traffic anticipated, with reasonable grades, curves and other features. States must obligate themselves to maintain all Federal-aid roads constructed, and in case this is not done any Federal funds available for new projects may be withheld until they are put into satisfactory condition. All Federal-aid funds must be spent on a connected system of roads consisting of not more than 7 per cent of the total mileage in each State and divided into primary or interstate roads and secondary or intercounty roads.

Plans for the proposed system have been received by the Bureau of Public Roads from all but eight States and the State systems are being co-ordinated so that when joined together they will serve the best interests of the country. In the meantime only projects certain to be on the proposed systems are being approved.

Uncertainty Is Removed.

"The new appropriation comes at a time when several States are nearing the limit of funds available. The authorization of funds for three years in advance will be of great benefit to all States in that it will permit them to lay their plans for some time ahead. Uncertainty as to future Federal aid is removed and provision can be made at once for raising State funds to match it.

"What the new funds will mean to the country can be judged by the use that has been made of the \$350,000,000 previously appropriated. On May 31, 17,000 miles of road had been completed, and, in addition, nearly 14,000 miles were under construction. Federal-aid roads in all stages total nearly 38,700 miles, involving over \$287,500,000 of Federal aid. To match this fund, the States have appropriated approximately \$380,000,000, making a total of \$667,500,000.

"All types of roads have been constructed with Federal aid to meet the varying conditions in the United States. The average cost per mile has been \$17.120, and Federal aid has amounted to 43 per cent of the total cost.

It is estimated that the \$190,000,000 lately authorized will result in the construction of more than 25,000 miles which added to the 46,000 miles that is expected to result from previous appropriations make a total of 71,000 miles, or nearly 40 per cent of the estimated 180,000 miles of road in the system of Federal aid roads now being outlined."

It Is Kentucky.

There is one thing to be said about making a Big Sandy Valley town the site of the next State Normal School, and that is that the Big Sandy Valley is in Kentucky, and a lot of Kentuckians seem not to know it or to know who it is. That is to say the people of other sections of the State hold so little communication with the Big Sandy Valley that its residents cannot be blamed if they look upon Ohlans and West Virginians as their best neighbors.

The State Normal School should not be made "pork" as the term is used in politics, even to cement friendship with the Big Sandy Valley, but it is not low politics to consider the claim of that part of the State with reference to the usefulness of such an institution here and with reference to the fact that the State has done little or nothing for the Big Sandy region.—Frankfort State Journal.

ANOTHER OHIO MAN WANTS A KENTUCKY WIFE

Lawrence County Women Have Another Chance for a Home in Ohio.

I moved to Ohio about 9 years ago from Kentucky. My wife died last February and left me with one daughter 17 years of age. Since then we both have been very lonely. I am 50 years of age and I am a poor man, but work hard. I need a good woman to help take care of my home and be a mother to my daughter.

I would like to receive letters from some who wish to get married no matter how poor they may be. I would like one who is a Christian and likes to attend church, between the age of 40 and 60 years.

Write direct to me and I will be pleased to answer all letters.

Yours respectfully,
JAKE SCARBERRY,
R. 1, Box 64, Plain City, Ohio.

HAS NO FAITH IN DIVINE HEALER'S CLAIMS

Akron, Ohio, June 26, 1922.
Pardon me for this brief item, but since noticing the articles in the NEWS in regard to the "Divine Healers" stuff, I wish to enter my judgment and comments in support of the idea and judgment of "Old Lem Jucklens" herein.

I am a native of dear old Lawrence county, Kentucky, and after having spent a few years in this city and personally know quite a bit about this fanatical movement as is practiced here among the uninformed people who are ready to accept most any kind of "new and strange doctrine" and having observed the fallacy of such frenzied utterances of "free-thinkers," I wish to warn "my people," the people of Dennis and vicinity against any such doctrine that this woman from "Chicago" is ended with divine power to heal anyone.

We have no record since the Apostolic days that any person has ever directly or indirectly healed anyone. The days of divine healing justly belong to the days of long ago. No longer is it necessary to perform those wonderful things once so miraculously done, because we live in a different dispensation filled with the light of divine truth and we need no miraculous thing be done to prove the power of God.

I (out of curiosity) attended one of those meetings of "divine healing" and it appeared to be a farce and absurd. The persons or participants of the "wonderful cure-all" meeting testified that they were sanctified and above sin, but which I am assured by the word of God, was about as true as their being healed by the self-styled demigod preacher in charge. I observed that his (victim's) that is, his followers all departed from the meeting just in the same physical condition as to health as when they prostrated themselves before the demigod.

There is much power in prayer and God will help us when we can not help ourselves, but I fail to understand that any man has a super-power to effect a divine healing in this modern day. We must pay the penalty when we violate nature's law in regard to health and look to reputable physicians to give us treatment for our diseases. A FRIEND.

He gave bond for his appearance at Circuit Court. There are five warrants against him for selling and giving away liquor. —Grayson Journal.

LOUISA BREAKS EVEN IN DOUBLE HEADER

Wallops Milo Team 17 to 3 but Loses Game to Himmlerville 8 to 7.

Louisa, 17 hits and 17 runs; Milo, 4 hits and 3 runs, was the result of the first game of a double header played at Himmlerville, W. Va., last Sunday. The local team proved too much for the Martin county boys and they gave up the struggle after the eighth inning.

The second game was with Himmlerville and Louisa had the game "sewed up" at the beginning of the fourth inning, the score being 6 to 0 in their favor. Unfair decisions by the umpire caused our boys to "blow up" and this result was seven errors which lost the game to Himmlerville. The game was called in the sixth inning to allow the Louisa team time to catch their train. George McGuire pitched the second game, allowing five hits. Louisa made seven hits.

The box score of the first game follows:

Fred J. See Marries at New Richmond, O.

The following is an account of the wedding of Fred J. See, son of Crit See, who lives near Louisa.

One of the most beautiful weddings of the season took place on Wednesday at New Richmond, Ohio, when Miss Dorothy McFarland, daughter of Mrs. Emma McFarland, and Mr. Fred See of Louisa, Ky., were united in marriage at the home of the bride. The ceremony was held in a commodious home was decorated with a profusion of ferns, smilax and cut flowers forming a lovely setting for the ceremony. Festoons of smilax were draped forming a canopy under which the bride party stood. Miss Virginia White sang "O Promise Me" and Miss Helen Moreton played Lohengren's wedding march for the entrance of the bride party.

The bride, a rich olive brunette of petite beauty, entered on the arm of her brother, Mr. Hal McFarland. She was attired in embroidered net over ivory satin with bridal veil held by the orange blossoms of southern fragrance, a gift from a dear friend. The bride carried an exquisite shower bouquet of bride roses and valley lilies. The bridesmaids, Miss Marguerite McFarland, a sister of the bride, and Miss Fern Beard of Portland, Ind., were lovely in crepes of the periwinkle and orchid shades.

The bride's mother was very handsome in black chintilly lace over black satin, with a corsage of orchids.

The bride and her attendants were met at the altar by the bride groom and his groomsmen. Rev. Harry Fernthell, who also performed the marriage ceremony. The ever beautiful ring service was impressively read by the Rev. Harry H. Fernthell, pastor of the First Presbyterian church of Price Hill, an intimate friend of the groom. Immediately following the ceremony an informal reception was held. Delicious punch was served all during the afternoon with elegant refreshments of loaves and cakes.

Mr. and Mrs. See, passing through a shower of rice and confetti, left for a honeymoon trip to the Great Lakes from where they will go to their new home at Wellburg, W. Va. About seventy guests witnessed the ceremony. Among those from a distance were Miss Marie See and Mr. Clyde See, of Louisa, Ky., Mr. Dave See of Chillicothe, Ohio, Mrs. H. C. Lindsey and daughters, Miss Helen and Miss Ruth of Hyde Park, Cincinnati, Mr. and Mrs. W. D. McFarland, Mr. and Mrs. Walter McGillivray of Mt. LOUISA, Fine Watch Repairing KENTUCKY

STATE TODAY HAS EIGHTY-FOUR NEW LAWS

Frankfort, Ky., June 13.—Kentucky today has eighty-four new laws. Ninety days ago at midnight Monday night the 1922 General Assembly ended. At that hour all measures except one that did not carry emergency clauses and go into effect immediately became laws. Fifty-four senate bills and thirty house bills were among the new laws.

Among the most important measures becoming laws today were the Smith-Minor general registration law; the McCaw anti-trading stamp law; the Smith bill increasing the powers of the State Railroad Commission; the Quarles bill fixing the legal school term at seven months; Bright load limit bill; Bright bill requiring motor trucks to be shipped with rear view mirrors; Watts bill making train wrecking in which persons are killed murder; Perry bill repealing the first class city housing law; Bell bill exempting newspaper and job printing plants from local taxation; Moss bill modifying the criminal syndicalism law; Perry bill for elimination of grade crossings in Louisville; Davis bill appropriating \$21,000 for the West Kentucky normal school (negro) at Paducah and Watts bill appropriating \$10,000 for the Home for the incurables.

The McCaw anti-trading stamp bill already is under litigation in Louisville and is expected to be attacked in a number of other suits. Trading stamp companies contend it is unconstitutional.

The Smith-Minor general registration bill also is expected to be attacked soon. It has been stated that a suit would be brought but just when or by whom has not been announced.

Another measure passed by the assembly but not listed among the bills that become effective today is the Simmons highway department reorganization measure. This would become effective on January 1, 1923, upheld by the courts.

A law suit is expected and on the decision of the court of appeals will depend whether or not the measure become effective.

HOME CIRCLE COLUMN

A COLUMN DEDICATED TO TIRED MOTHERS AS THEY JOIN THE HOME CIRCLE AT EVENING TIDE.

PERSONALITY

We have probably all met people with caustic tongues. Generally we are glad not to meet them again. They seem to take pleasure in saying things that are sharp—that hurt. Their view point on the world, on events, on people is always wrong. They are narrow and bitter. And they never get along in the world. It downs them on account of their personality.

Either we carry people along with us and inspire them with courage and confidence or we find ourselves left far behind and hating others for the success that might easily have been ours had we but sought it in the right way.

If you are a merchant or a business man, do you ever take the time to consider just the sort of personality you have about you in your business? Is it the kind that makes people want to trade with you?

Haven't you often seen a successful man and after you have talked with him a short time you rather marvelled at his success? He seemed not to have more than the ordinary amount of brains or executive ability, yet from his success you know he must have some secret source of power. It is his personality. People instinctively like him. And that personality let me tell you, is worth more than anything money can buy. It brings you friends, it brings you happiness, it brings you success.

I wish to preach not the doctrine of ignoble ease, but the doctrine of the strenuous life—the life of toll and effort, of labor and strife; to preach the highest form of success which comes, not to the man who desires more easy peace, but to the man who does not shrink from danger, from hardship, or from bitter toil and who, out of these, wins the splendid ultimate triumph.

—Theodore Roosevelt

A man is beginning to age when he loses interest in what is going on about him, when the general panorama of life as reflected in books and newspapers, becomes unimportant to him, when he ceases to respond to the promptings of love of city, state and nation, and when youth and its way annoy him.

However, interest in any one of these things is essential to the maintenance of a young heart and intellect, which we often find in bodies eighty years old. An absorbing work necessarily causes a withdrawal from many activities. The writing of a book, the mastery of a language, the study of science, the prosecution of a big business or a profession, compel time-saving, and the minds and emotions of men who do such things cannot be disturbed by the trivial things which yield so much pleasure to the majority.

Age has set in for its frosty reign when a man's sense of humor and love of fun stiffen. They are the true bubble of youth in heart and mind. When one cannot play with his grandchildren and enjoy it; when he cannot laugh at a joke or a funny incident, when his intellect is stuck

on solemnities, formalities and things remote he is old. His elasticity and bounce, his ginger and punch, are gone.

We have no fault to find with the man or woman who tries to keep fit. It is the very wise thing to do and to that very thing we owe much success of modern business. But there is such a thing as pushing the thing too far. A lot of people think that "keeping fit" is the most important thing in the world. They talk of nothing else and they do nothing else. If a lot of these faddists were asked, "But what are you keeping fit for?" they would not be able to think of a thing to answer. They are merely keeping fit in order that they may keep more fit, which seems to be going in a circle.

"Why do you turn out for every road hog that comes along?" asked the missus, rather crossly. "The right of way is ours, isn't it?"

"As for turning out the reason is plainly suggested in this epitaph which appeared in a newspaper recently: 'Here lies the body of William Jay, who died maintaining his right of way. He was right, dead right, as he sped along, but he's just as dead as if he'd been wrong.'"

SCHOOL CALLED VISION FULFILLED

History of Pine Mountain Settlement is Told at Louisville Dinner.

"The Pine Mountain Settlement School is a dream fulfilled" Miss Louise Will said last night at the final Altruists Club dinner. Miss Will thanked Louisville Altruists for the scholarship of \$150 which they presented to the school this year.

A short history of the school was given by Miss Will. The land in Harlan county, where the school is situated, was presented by an old mountaineer who had love for his neighbors and also an ambition for their future in his heart. Today there are five residence houses beside the regular school building and a church is in process of being built. There are twenty-six settlement workers.

Children Come Fifty Miles. The children come to the school from distances of thirty, forty and fifty miles. Contrary to the prevalent idea their parents are much interested and are perfectly willing, even eager for their children to get an education. They themselves frequently bring the children across the mountain to put them in the hands of the settlement workers.

These children are the descendants of the English and Scotch, the same race of people who came along the Wilderness Trail to Louisville more than 150 years ago. These children who cross the mountains for the first time when they come to the school sing the same old English ballads and dance the same old English folk dances that their ancient forebears sang and danced in "Merrie England."

Reviving Weaving at Home. Until the last few years the mountain women wove all the clothes for the family. Every house could boast its loom. The patterns used in the weaving were the same year after year. The Pine Mountain school is reviving this art which had almost died out since the advent of ready-made clothing. The children are taught the art of weaving and some of the patterns used are 200 or 300 years old.

According to Miss Will the hope is that the children will carry back into their homes not only the efficiency and technique of our modern civilization, but also a new and vital interest in those old-time things which are a heritage of the mountain people.—Courier-Journal.

MORROW TO FILL OFFICES BY JULY 1

Highway Commission Likely to be Reappointed; Seeks Successor to Scott.

Frankfort, Ky., June 12.—A tax commissioner and four State Highway Commissioners will be appointed by Governor Morrow before July 1.

No doubt exists as to the reappointment of all the present highway commissioners—H. Green Garrett of Winchester, Hugh H. Asher of Pineville, Republicans, and Ben Welle of Paducah and Ed S. Monahan of Jefferson county, Democrats.

The Governor appears satisfied with the department, but if he were not, it is thought he would have difficulty in inducing anyone else to accept an appointment of the commission, since the Simmons Act of the 1922 General Assembly, taking the appointive power away from the Governor and naming the Silbert Commission, by its terms becomes operative next December. There will be a lawsuit, it is believed certainly over the department.

The term of James A. Scott of Pikeville, Republican on the Tax Commission expires this month. He is not an applicant and the Governor has not asked him to remain on the commission, but pressure is being brought to bear on the Governor to induce him to reappoint Mr. Scott, whose friends think he will accept if the place is offered him. Indications are, however, that if it is offered him, it will be because no one else will accept a recess appointment, liable to be terminated when the new Governor and new Senate come in.

Fratern relations have never existed between the Governor and Mr. Scott. Memory of the Democratic victory in Pike county in 1915, when he was defeated by a small majority by Governor Stanley, who appointed Mr. Scott Republican member of the commission, was wiped out of Governor Morrow's mind by the election of 1919. Mr. Scott was kept on the commission, however, through the influence of Maurice Galvin of Covington.—Louisville Times.

OLD LEM JUCKLENS.

Davella, Ky.—Parnell Crum of this place recently purchased a pair of registered Coile dogs from a western kennel. It is believed these are the first registered dogs to be brought into Martin county. Mr. Crum also owns a pedigree Old English Sheepdog female and a neighbor owns a male of the same breed. These breeds of dogs are known widely as being able to understand their masters spoken words and obeying them. They practically replace a farm hand in handling live stock on the farm. The breeding and sale of these dogs will be in connection with the other purbred livestock business of the Martin County Purebred Stock Farm of this place which is owned by Parnell Crum.

SEE BEETHOVEN, THEN HIS SONATA

This remarkable photograph of the great composer is from a painting, symbolic of his masterpiece, the Passionate Sonata. Draw the lids of your eyes close together, glimpse through the eyelashes and you will see Beethoven. Open the eyes wide and you will see what was in the mind of the musician when he wrote his delightful harmony.

Richmond Pays Tribute to South's Heroes

Richmond, Va., June 19.—Revering in memory the hopes and fears of '61 and '65, Richmond today opened wide her gates and with love and admiration welcomed the surviving band of gray-coated men, who by their valor, made immortal the armies of Lee and Jackson.

Hundreds, who rallied about the brilliant Stuart, who charged with the gallant Forrest, some who trailed with the dashing Mosby; others, who were the gray navy's seamen—men who drew sabres, shouldered musket, and cannoned under the leadership of famous southern chieftains are assembled here for thirty-second annual reunion of the United Confederate Veterans.

From the green hills of Maryland and the purple valleys of Virginia from the yellow sands of Texas plains, from the gulf waters and even from the shores of the far Pacific they have come together again to worship at the shrine of an unforgotten cause—in the city that once was their beloved capital and the heart of an ever-to-be-remembered Confederacy.

The silent woods and fields in and about the historic city, which once were loud with strife, today are alive with the voices of this—fast thinning band. Slow treading, bent with age and touched to gray by the hand of time, some so feeble they cannot walk, others with eyes so dim they can barely see, their diminishing ranks now numbering not more than 4,000, are reuniting and living again in comradeship and ties hallowed by sacred recollections. The gallant army of 600,000 men that followed the Stars and Bars sixty years ago, has lessened and lessened in numbers with the passing years until their ranks have become as elusive as a far sea-line dimly pencilled on the sky of the present.

With the old soldiers, their families and friends, it is estimated that Richmond today is host to approximately 50,000 visitors. The reunion will not officially open until tomorrow morning. In the meantime the grizzled veterans are being quartered in Richmond homes, where every attention and loving care is being extended. Younger visitors are being lodged in hotels and public buildings. In the latter, hundreds of army cots, loaned by the War Department, have been provided.

Late today the programme of reunion week will open with the annual convention of the Confederate Southern Memorial Association followed tonight by the opening of the yearly

Kentucky's 1920 Income Increased

Washington, June 15.—Kentucky's net income per capita, as reported to the Internal Revenue Bureau for 1920, was less than that of forty other States, Alaska, Hawaii and the District of Columbia, according to figures made public by the Treasury Department today. The per capita net income reported by Kentucky was \$100.91 and the only States reporting a lower figure were Alabama, Arkansas, Georgia, Mississippi, North Carolina, South Carolina and Tennessee.

If the total amount of income taxes paid by Kentuckians had been evenly apportioned to every resident of the State, the figures show that each would have paid \$3.02. As it was, however, only 224 out of every 10,000 residents of Kentucky filed income tax returns, the total number of returns filed in the Bluegrass State being 78,258. The average net income reached in these returns was \$3116.35, and the average amount of income tax paid by the 78,258 Kentuckians who filed returns was \$93.18. The average net income per return in Kentucky was larger than the same figure as reported by twenty-six of the forty-seven other States.

The total net income reported in Kentucky was \$243,879,230, or more than that reported for any previous year. Net income reported by Kentucky in previous years was \$215,977,422 in 1919; \$166,350,127 in 1918; \$124,826,244 in 1917 and \$38,506,976 in 1916. The total tax collected from personal incomes in Kentucky amounted to \$7,282,098 in 1920, compared with \$7,595,384 in 1919; \$7,918,960 in 1918; \$2,943,196 in 1917, and \$384,477 in 1916.

In the total net income reported, Kentucky ranked twenty-fourth among the States and in the total amount of tax paid on personal income, it ranked thirty-first. All of the above figures, it must be remembered, relate only to personal income returns.

Mrs. Peters was met at the train here by United States Commissioner W. K. Steele, a cousin and playmate of her girlhood days. Both were disappointed for somehow each expected to find in the other the young friend of childhood days, but alas the ruthless ravages of time had placed a furrow here and there upon the brow and left its silver thread among the gold.

Road Prospects Good For Tug River Highway

The Tug River Highway from Blufffield to Huntington, a distance of 175 miles, and passing through the counties of Mercer, McDowell, Mingo and Wayne, may be a reality in the near future. Part of this important thoroughfare is already hard surfaced. While in other sections proper grades have been made. The big gap is in Lincoln district, Wayne county, and this may be let to contract through a plan recently proposed.
